Keep Ice Roller In the Freezer | Do not Heat Ice

SkinCool Ice Roller is a handheld device with a gel filled rolling head that can be effectively frozen in the freezer.

- Soothes and calms the skin after cosmetic procedures
- Minimizes redness and irritation
- Reduces discomfort from waxing, shaving, sore muscles, burns and minor injuries
- Refreshes, revitalizes and firms the skin with daily use
- Relaxes the muscles and reduces tension post work-out
- Helps fight wrinkles and puffy eyes
